
Title: Britania Royal Zoo

Author: Daz of Moonglow

Come All. Come All,

Britania Royal Zoo of
Moonglow is pleased
to have creatures
from the four corners of
Sasaria and beyond.
The Zoo is always
accepting donations.

Thank you all
very much for your
continued support.

1: These polar bears live
on Ice Island. They survive
mostly on fish and the
occasional walrus.
They are endangered due
to the development of Ice
Island.

2: Reptalons are
nasty mean monsters
living in the Labryth of
Malas. There king is
named Rend and
should be avoided at
all costs. Tame one of
these beasts and ride
off into the sunset

3: The Yamando
posseses viscious claws,
lighting attacks, and lethel
poisons. They live, along
with the crane, on the
Tokunu ilsands of Isama
and Homare - Jima

4: The Swamp exhibit
includes a Plague Beast,
Quagmire, and Bog Thing.
And beleive me,
everything's slimey.

5: Wolves are pack hunters. They stalk and corner their prey, then come at it from all sides.

6: Unfortunately, the Zoo does not have a silver steed to show you untill we receive the neccessary funding to get us to the 11th and highest tier. Please donate what you can so that we may see this near extinct creature once again.

7: Dragons, drakes, and Wyverns are cousins with the most dangerous listed first. They live in caves and for thousands of years. The wyvern is on the other side of the Zoo separation, Sorry I didnt mention it sooner.

8: This mischievious little pixie takes any form it chooses. Dont let its charm fool you, Changelings are tough fighters, they take the form and the skills of whomever attacks them.

9: BEHOLD, the sphinx. This is also one of the last remaining of its kind. Very little is known about these creatures, but they are reported to be among the most ferocious beasts in our lands. Recall to one of the runes on the ground if you wish to see one of these cratures in the wild. You can take 5000 gold pieces with you and the beast will tell your futrure. It will not attack you unless you attack it.

We hope you have enjoyed this walking tour

of the Britania Royal Zoo
of Moonglow.
